Dear sir /madam

*I would like to apply this letter response to your vacancy position. I was graduated with BSc degree from **Debre Markose University** on July 29/11/2016 E.C with **CGPA 3.67**. My field of study **Software Engineering**.*

I am excited to apply for the Junior Software Engineer position at ENAT BANK, as advertised on Your Website. With a degree in **Bachelor of Software Engineering** from **Debre Markose university**, I have developed strong skills in C# , Python, Java, JavaScript, and frameworks like DotNet , Django, Angular and React.

During my studies and internships, I gained hands-on experience in full-stack development, database management. My recent project involved creating a web application using React and Django, which enhanced my problem-solving abilities and teamwork skills.

I am particularly impressed by ENAT BANK's innovative financial solutions and commitment to customer satisfaction. I am eager to contribute my technical skills and enthusiasm for learning to your team.

Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to ENAT BANK.

Sincerely,

Andualem Assefa
